

SOLAR POWER INTERNATIONAL

September 23-26, 2019

Salt Palace Convention Center
Salt Lake City, UT

POWERED BY  Solar Energy Industries Association®  Smart Electric Power Alliance

SPI, ESI & NORTH AMERICA SMART ENERGY WEEK

Solar Power International

Meet hundreds of U.S. exhibitors in the solar sector and be a part of the largest gathering of U.S. solar industry professionals and vendors showcasing the newest products and services. Attendees represent a cross-section of the industry, including construction firms, installers and contractors, manufacturers, distributors, and project developers.

Energy Storage International

ESI, paves the way for greater integration between the energy storage and renewable energy markets. As the largest energy storage event in North America, ESI features over 250 exhibitors and 12,500 attendees interested in energy storage technology, and three full days of education investigating policy advances, market forecasts, new technology and applications as well as additional relevant, timely industry-developed content designed to grow the storage market.

Hydrogen + Fuel Cells North America

Join the largest gathering of hydrogen + fuel cells professionals in North America, co-located with Solar Power International and Energy Storage International during North America Smart Energy Week. This is the perfect platform to show how hydrogen + fuel cells can integrate with other distributed energy resources such as wind and geothermal, benefit from energy storage systems, and bolster electric vehicle infrastructure.

Smart Energy Microgrid Marketplace

Home, building automation, smart energy technologies, distributed energy resources such as wind and geothermal, and electric vehicle infrastructure are natural compliments to the solar industry. Now, homeowners, local businesses and communities, and city planners are looking for comprehensive energy solutions to meet new energy demand. This is the premier event to experience the integration of these technologies.

WHY SHOULD YOU ATTEND?

- » Pre-arranged meetings and country briefings with U.S. exhibitors.
- » Unique networking opportunities and use of International Business Center.
- » Free expo hall only pass with access to expo sessions and IBP networking receptions.

 SOLAR POWER INTERNATIONAL
